Claudia –

Brad came across this PEI yesterday and I have no record of mailing it to you. Here is an electronic copy. The original is in the mail today to David Star. This one was requested by Syngenta mid-July 2019. Their attorneys are involved due to confidential information in the documents. They were to send the documentation to US EPA directly. Here is our documentation.

My apologies for the lateness. I have no excuse other than it got buried under misuse cases.
